“Designing for Safety - An Ice breaker for Risk Mitigation in Factories”

Sri. D Chandra Sekhar Varma

SOHS-CBI-009

Sri. Daya Sagar

PROGRAM SCHEDULE

11.00 – 11.05	Welcome By: Sri E. Sampath Reddy , President, SOHS.
11.05 – 11.10	Opening Remarks By: Sri D. Chandrasekhar Varma , Director of Factories, Govt of AP
11.15 – 13.00	Presented By: Sri Daya Sagar , Team Lead- Process Safety, Dr. Reddy's Laboratories.
13.00 – 13.30	Q & A Session and Closing Remarks and Vote of Thanks

As a part of the various ongoing efforts towards the prevention of factory accidents and improving the safety performance levels of factories in the state of Andhra Pradesh, Chairman NSC AP Chapter and Director of Factories Andhra Pradesh Sri D Chandra Sekhar Varma has proactively started conducting monthly technical Webinars under the flagship program of “Capacity Building Initiatives”.

Through the “Capacity Building Initiatives” it is aimed to improve the knowledge and competency levels with respect to the hazard identification and mitigation techniques which play a vital role in the prevention of accidents. The webinars also provide a forum for the exchange of knowledge, information and best safety practices followed across the industries there by making the Industrial operations in Andhra Pradesh safer.

This 9th CBI webinar is organizing keeping in view of the “**World Day for Safety and Health**” and topic chosen to create awareness to give importance on safety consideration while designing. This will take care of general principles like Risk Mitigation and reduce of risks and hazards related to process at the designing stage to eliminate them.

TARGETED PARTICIPANTS

Unit Heads, Production Heads, Senior Level Officers of the Process and Utilities and Process Lab Personnel and EHS Personnel of all located in Andhra Pradesh are invited to attend and make use of opportunity.

NO REGISTRATION REQUIRED
